As some of you may know, we had water under the tiles in the kitchen!

Mike Beerthuisen and Lloyd Hanton had to remove the sink and cabinets as the plumber who came to look at the problem could not figure out what was wrong without removing the cabinet. After removing everything, a joint in the water line coming from the well was found cracked.

The total cost of the replacing the broken tiles, repairing the cabinet damage, replacing the sink and the plumber's time and materials to fix the water line came to a total cost of **\$907.11**.

If anyone is interested in **Watercolor Painting**, please contact the Centre and we will let the Instructor know.

**If anyone has any ideas for speakers to come to the Centre, please, let us know.**

If you are wondering why there is no flag flying at the Centre it is because the pulley broke during the freezing rain we had before Christmas. So, until the snow disappears and we can put scaffold up it will remain down.

THANK YOU Rick Dowswell - one of the carvers at the Centre – who made plaques for the paintings and wood carvings hanging in the main hall.

Thank you to Mr. and Mrs. Kreig for the 3 used swivel chairs that will be used in the carving room.

This was provided to me and I thought it was very cute and wanted to share.
