Some interesting March quotes I discovered searching for the puzzle:

“It was one of those March days when the sun shines hot and the wind blows cold: when it is summer in the light, and winter in the shade.”

— Charles Dickens, *Great Expectations*

“Daffodils,  
That come before the swallow dares, and take  
The winds of March with beauty.”

— William Shakespeare (*The Winter’s Tale*)

“Autumn arrives in the early morning, but spring at the close of a winter day.”

— Elizabeth Bowen

“A light exists in Spring, Not present in the year at any other period, When March is scarcely here.”

— Emily Dickinson
